Hiccup: Hey, guys um I don't know how to say this but everyone says that Bloody Mary is real. People have tryed it and really a smudge in the mirror doesn't mean is her that is just a dirty mirror, so i'm going to prove that Bloody mary is not real so lets go.

-5 minutes later-

Hiccup got three of his candles and headed to the bathroom. He got inside closed the door.

Hiccup: Okay, going to start my candles

When he finished starting the candles he turned of the lights, and stared at the mirror.

Hiccup: Let's get this over with, okay

He started chanting

Hiccup: Bloody mary, Bloody mary, Bloody mary

Nothing happened

Hiccup: Thats it nothing happens (Waveing his hands) Come on show yourself

He faces the camera

Hiccup: Well basically this is just proof that Bloody mary is not real and I bet people are going to say to me " You did it wrong" but who cares I already proved it. So let's end this now

As he turns around to exit he sees the mirror only to find out Bloody Mary behind him. She had red blood on her eyes and smiled evilly.

Hiccup: WHAT THE FUCK (Started screaming)

As he screamed the candles light disappear it was all dark. In a distance someone called his name when the person opened the door shows Astrid seeing the bathroom full with blood. Astrid gets the camera next to her and sees Hiccup lying in the floor.

Astrid: Oh my god (Shakeing Hiccup) Hiccup what ever your doing is not funny

But as she turned his body around she sees Hiccup dead covered with blood.

Astrid: (Screaming)

- Later -

Astrid: Um, hi guys as you know from the video Hiccup just did he's dead because of the Bloody fucking Mary game, and right now i'm really sad and angry that he's dead

She grabs a pillow and starts crying

Astrid: (Crying) Can I pretend this pillow is Hiccup

Then a unknown person comes

Person: What's wrong

Astrid: I'm just sad because Hiccup died

She looked up

Astrid: What the fuck

Then the unknown person turns around and revealing Hiccup

Hiccup: (laughing) Got you guys

Astrid punches him on the shoulder

Hiccup: Ow, what was that for

Astrid: Pretending to be dead, and for scareing me to death for the second time

Hiccup: Well sorry (faces the camera) Well of course i'm not dead basically this prove that Bloody Mary is not real because i'm not dead.

Astrid: Think about that

Hiccup: I hope you get sleep at night

Both: Bye
